

Location

7509 159th Pl NE
Redmond, WA

Owner

Fredrick's
Redmond, WA

Architect

Shugart Wasse Architects
Seattle WA

Project Description

SEA CON was initially retained to assist Frederick's with negotiating a settlement with the City of Redmond to cover their relocation benefit package. SEA CON managed the complete process for the owner including assistance in the site selection and acquisition, design team selection, permitting and ultimately the construction of a complete tenant improvement to the building including the installation of a new HVAC and electrical service. SEA CON worked closely with the owner to insure that all his display and power requirements were met.

“This is my second building with the team at Seacon. I was a rookie on the first one. Without the help and guidance of SEA CON LLC, I would not be where I am. When I set my sights on #3, there will only be one call I will need to make.”~ Eric Blakemore
